

INTRODUCING

EuroHygiene

“ We strongly believe that the input of our expertise can improve the service offering provided by our clients; safety standards for staff and customers, and reduce the risk of accidents, illnesses and associated claims for compensation. ”

BIOGRAPHY

Established in 2002, **EuroHygiene Ltd** was developed to provide a safety and hygiene consultancy and training service to major UK Tour Operators, supermarket chains, caterers and Police Authorities.

They have provided training, information and guidance to these, and other, organisations to reduce and mitigate the risk of litigation, and compensation claims, by the implementation of effective and comprehensive safe systems of work and hygiene procedures.

The work we undertake for our clients reduces exposure to unforeseen costs whilst maintaining service standards at the highest level.
