

INTRODUCING

PISANI DESIGNS

“ With over 15 years interior design experience, we bring fresh and innovative ideas to each of our design projects and offer a project management-supporting role when required, working together with your team on site. ”

BIOGRAPHY

Pisani Designs are highly experienced interior designers in the leisure and hospitality sector, well versed in the design of hotels, timeshare resorts, luxury villas, bars, restaurants and health spas. Having worked in the UK, Europe and South East Asia, our varied portfolio and design style, enables us to adapt well to our design location and we believe in long-term business relationships. With over 15 years interior design experience, we bring fresh and innovative ideas to each of our design projects and offer a project management-supporting role when required, working together with your team on site. Supported by a strong network of furniture and fabric manufacturers, who we are confident will deliver on time, to budget and of an exceptionally high standard.

AFFILIATE EXPERIENCE

In the last ten years family holidays have changed and expectations are far greater. It's no longer about having space in an apartment versus a hotel, but a great holiday experience. Having worked with Pearly Grey in Tenerife, for the past 9 years and watched them go from strength to strength, its very encouraging. They have been willing to embrace change and have strived to constantly improve what they are doing, a great exemplary model. I would be very keen to offer my experience as a designer to other developers looking to improve standards and grow in an ever-challenging and changing market.

SERVICES INCLUDE

- **Development drawings** - We will supply working drawings for builder and electricians and materials
- **3D design** - For new projects or to help visualise new designs, we create photorealistic visuals.
- **Furniture design** - We work closely with furniture manufacturers or can create your own bespoke range
- **Project management** - On site management, to ensure designs are followed, to the required standard.
- **Furniture supply/fit out** - We can organise a full furnishings fit out with our experienced team.
